Dear Sirs,

**TRUCKETTS HALL, GLEMSFORD ROAD, BOXTED, BURY ST EDMUNDS, SUFFOLK,  
IP29 4LJ**

**Planning Application No: DC/20/03434/FUL**

I refer to the above application.

The plans have been inspected by the Water Officer who has the following comments to make.

#### Access and Fire Fighting Facilities

Access to buildings for fire appliances and firefighters must meet with the requirements specified in Building Regulations Approved Document B, (Fire Safety), 2006 Edition, incorporating 2010 and 2013 amendments Volume 1 - Part B5, Section 11 dwelling houses, and, similarly, Volume 2, Part B5, Sections 16 and 17 in the case of buildings other than dwelling houses. These requirements may be satisfied with other equivalent standards relating to access for fire fighting, in which case those standards should be quoted in correspondence.

Suffolk Fire and Rescue Service also requires a minimum carrying capacity for hard standing for pumping/high reach appliances of 15/26 tonnes, not 12.5 tonnes as detailed in the Building Regulations 2000 Approved Document B, 2006 Edition, incorporating 2010 and 2013 amendments.

#### Water Supplies

Suffolk Fire and Rescue Service records show that the nearest fire hydrant in this location is over 100 metres from the proposed build site and we therefore recommend that proper consideration be given to the potential life safety, economic, environmental and social benefits derived from the provision of an automatic fire sprinkler system. (Please see sprinkler information enclosed with this letter).

Consultation should be made with the Water Authorities to determine flow rates in all cases.

/continued

OFFICIAL

Should you need any further advice or information on access and fire fighting facilities, you are advised to contact your local Building Control in the first instance. For further advice and information regarding water supplies, please contact the Water Officer at the above headquarters.

Yours faithfully

*Water Officer*
