**Conversion of (part converted) single storey barns to form 2no holiday lets**

Many thanks for your request for comments in relation to the above application. Having reviewed the application I can confirm that I have no objection to the proposed development from the perspective of land contamination. I would only request that the LPA are contacted in the event of unexpected ground conditions being encountered during construction and that the below minimum precautions are undertaken until such time as the LPA responds to the notification. I would also advise that the developer is made aware that the responsibility for the safe development of the site lies with them.

Kind regards

Nathan
