With reference to your application dated 21 April 2022 under the above Acts for the following development,

**Replacement Single Storey Rear extension
4 Woodfield, Uddingston, North Lanarkshire, G71 6LZ,**

North Lanarkshire Council, in exercise of its powers under Section 151 of the Town and Country Planning (Scotland) Act 1997 APPROVES A CERTIFICATE OF LAWFULNESS OF PROPOSED USE OR DEVELOPMENT. The Council's reasoning for arriving at the above decision is as follows:-

Reasoned Justification

According to the dimensions set out in the drawings provided, it is considered that the proposed development of the rear extension does not require planning permission and can be regarded as permitted development under Class 1A of the Town and Country Planning (General Permitted Development) (Scotland) 1992 Order, as amended. NOTE TO APPLICANT

The Felling of Trees

Where full planning permission authorises the felling of trees on a development site, no further consent is required under the Forestry Act 1967 (as amended). However, developers **should note** that any tree felling not expressly authorised by full planning permission, and not exempted, requires a felling licence granted under the Forestry Act 1967 (as amended).

Developers should note that **any felling carried out without either a licence or other valid permission is an offence**. This can mean, on conviction, a fine of up to £2,500 (level 4 on the standard scale) or twice the value of the trees, whichever is higher, with the conviction being recorded.

Contact your local Forestry Commission Scotland Office if you are not certain whether exemptions apply. You can get an application form for a felling licence from the Forestry Commission website www.forestry.gov.uk/forestry/inf-d-5ygf-rm or any Forestry Commission Scotland Office.
