

## **Do you need to submit a Wildlife, Geology or Invasive Species Report with your planning application?**

**Please remember that anyone causing a wildlife offence (e.g. destruction of a bat roost) can be prosecuted, irrespective of the planning process.**  
**Remember to schedule works to ensure no disturbance to protected species, including nesting birds.**

Please fill in Parts A i and ii, B and C of the table below. The completed table must be included with your application.

**Part A.** If there is a tick in the 'yes' column you must include a **Wildlife Report** with your application. The report may vary from a short written statement (if there is no significant impact) to a comprehensive report with surveys.

**Part B.** If there is a tick in the 'yes' column you must include a **Geology Report** with your application.

**Part C.** If there is a tick in the 'yes' column an **Invasive Species Control Plan** is required.

**All reports must be produced by a consultant with suitable qualifications and experience.** For further information on the reports, including a list of consultants and a generic Wildlife Report brief (which may help when employing a consultant), go to <https://new.devon.gov.uk/environment/wildlife>

### **Wildlife and Geology Trigger Table**

<b>PART A - TRIGGERS FOR A WILDLIFE REPORT</b>		<b>Yes (Wildlife Report required)</b>	<b>No</b>
1a. The application site (red line) is greater than 0.1 hectares*		✓	
1b. The proposal:			
i. Involves demolition of a building.		✓	
ii. Involves works to a roof, roof space, weather boarding or hanging tiles e.g. loft conversion, roof raising, extensions.		✓	
iii. Involves works to a quarry or built structures such as bridges, viaducts, aqueducts, tunnels, mines, kilns, ice houses, military fortifications, air raid shelters, cellars and similar underground ducts and structures.		✓	
iv. Involves the development of wind turbine(s), including domestic turbines.		✓	
v. Will illuminate / cause light spill onto a building, mature tree (see ix), woodland, field hedge, pasture, watercourse, water body, tree line or a known bat roost.		✓	
vi. Impacts on a watercourse, intertidal area or standing open water (e.g. ponds, reedbeds) excluding ornamental garden fish ponds.		✓	
vii. Removes, or moves, part / all of a hedge or line of trees (excluding non native or urban hedges unless > 10m being removed).		✓	
viii. Is within, or may impact on (including impacts on hydrology), a woodland or a substantial area of scrub connected to a woodland or hedge.		✓
