Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Do not object to the trees being reduced in height, but would not like to see them removed entirely. They are very well used by birds, we often have owls roosting in them, they also provide an amount of screening for the neighbouring property. And, they are not damaged in any way. So, yes to being reduced in scale, but please no to complete removal.
