Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This application has been put forward before in 2019, it was denied with strong opposing views from neighbours surrounding the area.

Again I oppose this planning application because of the health implications 5G signal has on human and animal health. My partner has chronic leukemia and I have two young children living right next door to this huge radioactive tower. Very very disappointing that the 5G roll out is happening so close to human residence.
