Design and Access Statement AND HERITAGE - Received 11/01/2018

Plans - Proposed 21713/2 A - Received 23/03/2018

---

**Section B:**

Babergh District Council as Local Planning Authority, hereby give notice that **PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans listed in section A subject to the following conditions:

1. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE:  
COMMENCEMENT TIME LIMIT

The development hereby permitted shall be begun not later than the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004

2. APPROVED PLANS & DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed under Section A above and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non material amendment following an application in that regard.

Reason - For the avoidance of doubt and in the interests of proper planning of the development.

3. ACTION REQUIRED BEFORE OCCUPATION- NEW ACCESS

The new vehicular access shall be laid out and completed in all respects in accordance with Drawing No. DM03; and with an entrance width of 3metres and made available for use prior to occupation. Thereafter the access shall be retained in the specified form.

Reason: To ensure that the access is designed and constructed to an appropriate specification and made available for use at an appropriate time in the interests of highway safety.

4. ONGOING REQUIREMENT- SET BACK FRONTAGE ENCLOSURE

Notwithstanding the provisions of the Town & Country Planning (General Permitted Development) Order 1995 (or any Order revoking and re-enacting that Order with or without modification) any means of frontage enclosure shall be set back 2.4 metres from the edge of the carriageway of the adjacent highway and tapered accordingly.

Reason: In the interests of highway safety, to avoid obstruction of the highway, maximise visibility splays and provide a refuge for pedestrians.

5. ACTION REQUIRED BEFORE OCCUPATION- REFUSE FACILITIES

Before the development is occupied areas shall be provided for the storage and presentation of Refuse/Recycling bins which shall be in accordance details as shown on the plans hereby approved.

Reason: To ensure that refuse recycling bins are not stored on the highway causing obstruction and dangers for other users.

6. ACTION PRIOR TO COMMENCEMENT- ECOLOGICAL MITIGATION

No development shall be carried out until proposals for the mitigation of the impact of the development on protected Suffolk European Sites have been submitted to and approved in writing by the Local Planning Authority, and the Local Planning Authority has confirmed in writing that the provision of the proposed mitigation has been secured. Such proposals must provide for mitigation in accordance with the emerging joint (Draft) Habitats Regulations Assessment Recreational Disturbance Avoidance and Mitigation Strategy, or for mitigation to at least an equivalent effect. Provide details of the manner in which the proposed mitigation is to be secured.

The development shall be carried out in accordance with and subject to the proposals as may be approved.

Note:

You will need to secure the provision of appropriate habitat mitigation measures before the condition can be discharged. There are two ways in which you will be able to do this. You can either;

i) contribute to funding the Council's suite of mitigation projects and secure such provision prior to occupation through a legal agreement between the Council and Developer/Applicant and site owners, or

ii) provide your own mitigation project to mitigate the impact of the proposal prior to occupation.

You are advised to discuss this matter with the Local Planning Authority prior to submission of details to discharge this condition.

Reason - In order to safeguard protected wildlife species and their habitats in accordance with the NPPF and Habitats Regulations. This condition is required to be agreed prior to the commencement of any development as any construction process to ensure adequate time for any agreement to be secured and be implemented prior to occupation

#### 7. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT: LANDSCAPING SCHEME

No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard, soft and boundary treatment landscaping works for the site, which shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows both on and adjoining the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication ""BS 5837:2012 Trees in relation to design, demolition and construction.

Reason - In the interests of visual amenity and the character and appearance of the area. This condition is required to be agreed prior to the commencement of any development to ensure matters of tree and hedgerow protection are secured early to ensure avoidance of damage or lost due to the development and/or its construction. If agreement was sought at any later stage there is an unacceptable risk of lost and damage to important trees and hedgerow that would result in harm to amenity.

#### **SUMMARY OF POLICIES WHICH ARE RELEVANT TO THE DECISION:**

CN01 - Design Standards  
CR02 - AONB Landscape

CS01 - Applying the presumption in Favour of Sustainable Development in Babergh  
CS02 - Settlement Pattern Policy  
CS11 - Core and Hinterland Villages  
CS15 - Implementing Sustainable Development

**NOTES:**

1. **Statement of positive and proactive working in line with the National Planning Policy Framework (NPPF)**

The proposal has been assessed with regard to adopted development plan policies, the National Planning Policy Framework and all other material considerations. The NPPF encourages a positive and proactive approach to decision taking, delivery of sustainable development, achievement of high quality development and working proactively to secure developments that improve the economic, social and environmental conditions of the area. While the applicant did not take advantage of the service, the Council provides a pre-application advice service prior to the submission of any application. The opportunity to discuss a proposal prior to making an application allows potential issues to be raised and addressed pro-actively at an early stage, potentially allowing the Council to make a favourable determination for a greater proportion of applications than if no such service was available.

2. It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority.

Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by the County Council or its agents at the applicant's expense.

The County Council's Central Area Manager must be contacted on Telephone: 01473 341414. Further information go to: <https://www.suffolk.gov.uk/roads-and-transport/parking/apply-for-a-dropped-kerb/>

A fee is payable to the Highway Authority for the assessment and inspection of both new vehicular crossing access works and improvements deemed necessary to existing vehicular crossings due to proposed development.

3. You are advised that in discharging Condition 7 the submitted details should include measures to protect the existing tree close to the site to the rear of Rose Cottage.

Babergh and Mid Suffolk District Councils have adopted Community Infrastructure Levy (CIL) charging which affects planning permissions granted on or after 11th April 2016 and permitted development commenced on or after 11th April 2016. If your development is for the erection of a new building, annex or extension or the change of use of a building over 100sqm in internal area or the creation of a new dwelling or holiday let of any size your development may be liable to pay CIL and you must submit relevant documents to our Infrastructure Team telling us more about your development, who will pay CIL and when the development will start. You will receive advice on the amount you have to pay and what you have to do and you can find more information about CIL on our websites here:

CIL in Babergh and CIL in Mid Suffolk or by contacting the Infrastructure Team on:

## **Important Notes to be read in conjunction with your Decision Notice**

### **Please read carefully**

This decision notice refers only to the decision made by the Local Planning Authority under the Town and Country Planning Acts and DOES NOT include any other consent or approval required under enactment, bylaw, order or regulation.

**Please note: depending upon what conditions have been attached to the decision, action may be required on your part before you can begin your development.** Planning conditions usually require that you write to the Local Planning Authority and obtain confirmation that you have discharged your obligations. You should read your decision notice in detail and make a note of the requirements placed on you by any conditions. **If you proceed with your development without complying with these conditions you may invalidate your permission and put your development at risk.**

### **Discharging your obligations under a condition:**

You should formally apply to discharge your conditions and the relevant application forms are available on the Council's website. The Local Planning Authority has 8 weeks to write to you after you submit the details to discharge your conditions. You should always account for this time in your schedule as the Local Planning Authority cannot guarantee that conditions can be discharged quicker than this. A fee is applicable for the discharge of planning conditions.

### **Building Control:**

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

## Appeals to the Secretary of State

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or consent, or to grant permission or consent subject to condition, they may appeal to the Secretary of State for Communities and Local Government. The applicant's right of appeal is in accordance with the appropriate statutory provisions which follow:

Planning Applications: Section 78 Town and Country Planning Act 1990

Listed Building Applications: Section 20 Planning (Listed Buildings and Conservation Areas) Act 1990

Advertisement Applications: Section 78 Town and Country Planning Act 1990  
Regulation 15

Town and Country Planning (Control of Advertisements) Regulations 2007

Notice of appeal in the case of applications for advertisement consent must be served within eight weeks of receipt of this notice. Notice of Householder and Minor Commercial Appeals must be served within 12 weeks, in all other cases, notice of appeal must be served within six months of this notice. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within six months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or online at <https://www.gov.uk/government/publications/modelnotification-notice-to-be-sent-to-an-applicant-when-permission-is-refused>

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he/she will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him/her that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by it, having regard to the statutory requirements\*, to the provisions of the Development Order, and to any directions given under the Order. The Secretary of State does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him/her.

2. If permission or consent to develop land or carry out works is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development or works which has been or would be permitted they may serve on the Council of the district in which the land is situated, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Section 137 of the Town and Country Planning Act 1990 or Section 32 Planning (Listed Buildings and Conservation Areas) Act 1990.

\*The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70 and 72(1) of the Act.
