Details of the pre-application advice received

We requested advice with discussion and site visit.

Our site is Curtilage Listed and as such the Historical Officer was consulted and told Kerby there would be no historical objections. The Historical Officer expressed a preference for the roof style of the proposed garage to be gabled rather than hipped as originally supplied. We are happy to accommodate this request.

There was concern raised regarding the removal of the hedge line. Following discussion with Kerby, we will take mitigating action by planting a new boundary hedge behind the garage. Please see Site Plan for Garage document which suggests a native hedge planting plan.

There was also a request for prove that there will be parking for at least 3 cars in addition to the garage, please see Site Plan for Garage document and Existing Graveled Area photo.

We were instructed to request a change of use for the small strip of paddock, and to submit a listed building application.

All concerns included in Kerby's report were subsequently discussed onsite and it was felt these measures would mitigate the concerns raised in her original report.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
