Description of Proposed Works
Please describe the proposed works
we have taken out our hedge and replaced with a fence. the hedge was dying and so we decided for future proofing we would erect a composite fence with no maintenance, we tried to be considerate of our neighbours by not putting a high fence up at the front but wanted it to be 1200mm as then our wheelie bins are not on show and higher to the side 1800mm as we intend to put our touring caravan there and obviously we think it would be better protected and then dropping down to 1500mm then to the 1200mm across the front. this will not affect any of our immediate neighbours as they would have been looking at the hedge which has just been changed to a fence and that is lower so will hopefully give them more light and improve access as they will be able to see more of the road. it has improved pulling out of our drive and for our neighbours too as the hedge was much higher(about 2100mm) and wider(about 1000mm) so our view is now not restricted.  we feel it has improved the property and a lot of our neighbours have commented how much better it looks and how much more pavement there is.
