FAO – Jayne Howarth,

Hi Jayne,

I have recently received feedback on our Non material amendment application regards outstanding payment, So have duly made this transaction today.

The next line indicates it would be beneficial to send through photos of the materials in question.

Please see below.

The stone we are looking to use is the same Bekstone Buff-Black Tumbled stone as the 3 new build houses are built in and as agreed with Planning prior to commencement.

This is instead of Blue Lias stone walling – that is not used anywhere onsite.

I do hope this helps, if you have any other questions please do let me know.

Kind Regards
