Description of Proposal
Does the proposal consist of, or include, the carrying out of building or other operations?
✓ Yes✓ No
If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)
The proposal is to drop the kerb by the standard width to gain driveway access to 26 Everest Road. There is currently no drop kerb in place. The driveway access will cross a standard tarmac public foot way (~1.7m width) and grass verge (~1.2m width). There are no obstructions (telegraph pole, street light, phone exchange etc) inside or within 5m+ of the property boundary.
Does the proposal consist of, or include, a change of use of the land or building(s)?
○ Yes⊙ No
Has the proposal been started?
○ Yes
⊗ No
Grounds for Application
Information about the existing use(s)
Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful
A driveway has existed for many years, but we have to drive over a public footway to access it, which is technically an offence. In addition, the use of a driveway reduces the number of vehicles parked on the road which can make the area unsightly and congested.
Please list the supporting documentary evidence (such as a planning permission) which accompanies this application
Select the use class that relates to the existing or last use.
Change of use
Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?
We believe a Lawful Development Certificate should be granted as the road where the works will happen is neither a Classified or Trunk road. Further reasons are attached to this application in the "Evidence to verify application for Certificate of Lawful Development.pdf" file
Site Visit
Can the site be seen from a public road, public footpath, bridleway or other public land?
