

Photo of Eternit Cedral Grey Weatherboards for Cladding on the Front Elevation of the extension and the first floor of the existing house to replace the existing cladding.

The screenshot shows the CEDRAL website interface. At the top, the CEDRAL logo is on the left, and navigation links for 'Facade' and 'Roofs' are in the center. On the right, there are icons for search, a shopping cart, and a UK flag. Below the navigation bar, a secondary menu includes 'Products', 'Projects', 'Installation', 'Stockist', 'FAQ', 'Documents', 'Blog', and 'Assistance and Contact'. A prominent orange button on the right says 'Request your FREE sample'. The main content area features a large image of the grey weatherboard cladding on a building's exterior, with a smaller inset image showing a different view. To the right of the main image, the text reads 'Cedral Lap' in a large orange font, followed by a description: 'Cedral Lap is a low maintenance cladding which creates a traditional overlap appearance. It is available in a choice of 21 factory applied colours or 2 woodstain finishes.' Below this, it says 'See it for yourself and request your free sample...'. A color selection section titled 'Colour: Grey [C05]' displays a grid of 10 color swatches, with the selected grey swatch highlighted by a yellow border. A left-pointing arrow is positioned to the left of the color grid.
