

**KEY:**

- PROPOSED TREE  
18-20cm Girth  
Refer to schedule
- PROPOSED MULTI STEM  
2.0 - 2.5m high  
Refer to schedule
- HEDGE  
Hornbeam  
1m high, double staggered row @ 0.5m centres
- SHRUBS / ORNAMENTAL GRASSES  
Refer to schedule
- LAWN  
Rowlawn medallion turf or similar

- PLANTING NOTES:**
- Plant handling at the nursery, and transit up to delivery, shall be in accordance with 'Plant Handling' the booklet published by the Committee for Plant Supply and Establishment (CPSE). The contractor shall comply with clauses 3 & 4 of the above booklet (obtained from the Horticulture Trades Association) which refers to the receipt, unloading and temporary storage of plants.
  - Plants shall be first class examples of their species or variety, free from all pests and diseases with good fibrous roots systems and materially undamaged. (Refer to relevant sections of BS3936 Parts 1-4 'Specification of Nursery Stock').
  - All planting is to be in general compliance with BS4428: 1989 'Code of Practice for general landscape operations (excluding hard surfaces)'.  
 4. All trees are to be staked and secured. Underground guying detail to be agreed on site with Landscape Architect
  - One number 80litre bag of tree planting compost (non peat based) is to be incorporated into each tree pit backfill material
  - The contractor must ascertain for himself the exact location of any underground services and maintenance points.
  - All areas of ornamental planting are to be mulched to consolidated depth of 50mm using medium grade tree bark.
  - At the time of planting, shrub areas will be covered by a min. 450mm depth of good quality 'As Dug' topsoil in accordance with BS3882 (1994)
  - Water as necessary to ensure the establishment and continued thriving of planted matter.
  - Carry out all work when soil and weather conditions are suitable:  
 i) Do not plant during periods of frost or strong winds. Plant only during the following periods  
 - Bare root deciduous trees and shrubs: Late October to late March  
 - Container grown plants: At any time if ground water and weather conditions are favourable.  
 Ensure that adequate watering and weed control is available.
