Dear Ben,

**Town and Country Planning Act 1990, Section 211 - Notification of Intention to carry out work to trees within a Conservation Area at 18 The Covert Petts Wood Orpington BR6 0BU**

Thank you for your application received on 13th May 2022 in which you notified this Council of your intention to carry out the following works:

- **T1 Oak - Crown reduce height by approximately 2m and lateral growth by up to 2m where necessary. Reduce back over extended branch growing towards house by approximately 4m. Canopy raise by reducing back to source the smaller epicormic growth up to the first primary limb on the left hand side at approximately 8m.**
- **T2 Ash tree - Dismantle to ground level.**

at the above address which is situated in the Conservation Area.

This Council now has six weeks to consider the intended works and determine whether it would be appropriate to make a Tree Preservation Order for the trees which are to be subject to the proposed works.

The six weeks will expire on 24th June 2022. The purpose of the six weeks is to allow time for this Council to fully consider all aspects of the work proposed. It also allows the opportunity for any interested persons to make representations to this Council in connection with the proposed works. The Council will take any comments received into account when determining whether to make a Tree Preservation Order.

The Council considers that it is desirable that adequate publicity is given to all applications to carry out work to trees within a Conservation Area. As such I would be grateful if you could display the enclosed notice in a position that can be seen by the passing public for the period up to and including the date shown. It would be helpful if you could confirm in writing that you have been able to do this.

Yours sincerely,

Paul Smith  
Tree Officer
