Description
Please describe details of the proposed development or works including any change of use

Outdoor Inns provides sustainable, affordable tourist accommodation, specifically for outdoor recreation and leisure groups at, or adjacent to, existing independently owned rural pubs across the UK.

Outdoor Inns work with pub owners, local authorities and communities to benefit from the recent growth in 'staycations' in order to boost rural economies, generate local employment, sustain local facilities and maintain assets of community value, in particular local pubs.

Outdoor Inns are committed to working closely with all stakeholders to deliver much needed high-quality tourist accommodation in Britain's most beautiful areas in a manner that will benefit local communities in a sustainable manner.

Outdoor Inns proposal for The Green Man would represent low impact and sustainable diversification of an existing rural business. This integrated accommodation offer would bring social, economic and environmental benefits to the site and surrounding area through increased overnight visitors, increased spend into the local economy and a significant habitat enhancement program resulting in biodiversity net gain.

The three non-permanent pods are to be sited in the locations outlined in the attached site plan GRE-102. The units would serve as year-round accommodation for people visiting Lincolnshire. Each of the 3 units would sleep 4-6 people accommodating a maximum of 18 people on site at any time.

The site is located within an existing settlement and offers high quality visitor accommodation associated with an existing community facility and as such is supported through the wording within policy LP7 of the CLLP. Three 'pods' of timber construction are considered to assimilate with the rural qualities of the location without over developing the site, designed to complement the agricultural setting. Lighting details are requested for submission within any formal application for consideration against potential light pollution.
