

## Wood Farm Planning Application

Address; Wood Farm  
11 High St  
Collyweston  
Northamptonshire  
PE9 3PW

Protected Species

24 April 2022

## Protected Species

The attached protected species report from 2021 remains valid.

Within this Preliminary Roost Assessment report by Hillier Ecology, the building for this planning application is called “Building 2”.

Within the Summary, the report stated

*“1.2 The building inspections identified that Buildings 1, 2 had negligible potential to support roosting bats. There was no evidence of bat usage, access points or suitable roosting features.”*

We have also included nests for the following species to be included within the design;-

2 no Swallows.

2no House Martins

5 no Sparrows.

1 no Owls.

3no Multi Species Bird Box's

1no Wrens
