 No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Requirement is to raise the fence line to maximum height of 2.5m between the boundary line of house numbers two and three Gordon Terrace along existing fence line to enable a pergola to constructed over existing patio area in the back garden. This height would then continue down the garden on all the 6ft fence panels. Where it reaches the side of the house a pergola will come across to the house. Please see attached drawing.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- Yes  
 No

Has the proposal been started?

- Yes  
 No

## Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The changes to the back garden are within all planning guidelines and are for sole use of the householders.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

We believe that no planning permission is required because what we are planning to do falls within regulations. This application has only been made on a recommendation from yourselves to make our lives easier for when the neighbour complains.

Select the use class that relates to the existing or last use.

**Please note that following changes to Use Classes on 1 September 2020:** The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The changes to the back garden are all within (to my knowledge) the required planning regulations. The changes are for mental well-being of the owners health with the raising of the fence line due to the neighbours complaining that we are constantly looking in their garden. The height of the fence will then have some stability by being strengthened by the structure of the pergola, due to us living on the top of the hill, and will enhance to look of the area. We are applying for this LCD in advance to ensure we and ourselves have a peaceful life.

### Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes

No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

The agent

Details of the pre-application advice received

On a site visit to discuss patio and greenhouse that neighbour had complained about, we discussed that the work in the area had not been finished and informed Sue of our plans. Sue suggested that due to the nature of the complaint that was received we would benefit from completing this form.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

- No

Please state the applicant's interest in the land
