

Construction Management Statement

Widden Edge, Pitmore Lane, Sway, SO41 6BW

This application relates to a Planning Application for a pitched roof to the existing double garage, a pitched roof to the existing rear lobby and the installation of solar panels.

All materials and machinery (if required) to be used during construction works will be stored within the red line application site.

No storage of materials or machinery will be necessary or allowed outside of the site.

Materials and equipment will be delivered to the site as and when needed to minimize the amount of on-site storage required.

Waste material will be stored within the red line application site ready for removal when works are completed.
