**Subject:** Planning application 21/02471/HOUSE

Dear Ms Govier,

**Re: Planning application 21/02471/HOUSE. 2 Leigh Cross.**

My wife and I are the owners and occupiers of no. 1 Leigh Cross, and as such we are the immediate neighbours of the applicant. The applicant recently provided us with drawings nos. 734/22A, 23 and 24 and talked through the proposed extension with us.

We have now considered the impact that the extension would have upon us; in particular the issues of privacy and light levels in our garden. We feel that the impact would not be significant and that the extension would not unduly impair our enjoyment of our property. We would therefore be happy for the extension to be built as proposed, knowing that it would provide the additional living space that the applicant's family needs.

Kind regards,

Peter Stead
