Hi - we would like to make an application to reduce the size of a tree in our back garden, completing some work that we were advised to have done in two stages.

Unfortunately, the original application used for the first part of this work had expired 5 weeks before the tree surgeon could be booked for the final cut to shape - a matter our neighbour raised that with you I believe. This application allows that work to be completed.

Application:

To reduce the height and width of a back garden Yew tree to make the tree more manageable and in proportion to other garden trees.

Address and location of the tree:

Cherry Cottage
4 Cherry Garth,
Lund
East Yorkshire
YO25 9TD

Photos attached.

Many thanks
Andy
