Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The existing Granary is obsolete and falling into disrepair. It is intended to be converted into a small teenager flat for our son. It will operate dependent on the existing farm house as an annex and provide additional private guest accommodation. This would be a change of use as it is currently used as a garden store. It has not had agricultural use for over 3 decades. The building is listed and all proposals are sympathetic to the building and will ultimately preserve it.

The current tractor lodge is in complete disrepair and was built from an existing sire wall. It is our intention to convert it into living space as the existing farm house does not have the space to facilitate growing family and a home office. This structure is currently made up of iron sheets, has no foundations and is an eye sore as it is attached to the existing Grade 2 Listed farmhouse. This would mean a change of use from garage to residential but will significantly enhance the site and the aspect of the Listed properties.

No previous applications have been made on these buildings but all other buildings within the steading have holiday let planning approved. It is the intention that these are exclusively for family use given their complete reliance on farm house amenities and access. Cockshot Farmhouse is Grade 2 Listed and all designs have been made in keeping with that. Listed Building Consent is being sought.

Has the work or change of use already started?

Yes

No

Existing Use

Please describe the current use of the site

The farm house is a permanent home of a military family who due to the nature of employment are not residing their full time but wish to do so in the near future and on retirement (Projected 2024). The Tractor lodge is a lean-to garage with open sides and an iron tin roof. It is used as a garage and log store and is insecure.

The granary is maintained at agricultural standards and has had a new roof fitted due to collapse and storm damage circa 2007. It has had timber windows replaced to improve the look of the building. It is used as a garden store on the ground level and the upper level is empty.

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

c) Features of geological conservation importance

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
 No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?
