Details of the pre-application advice received

It was considered that the number of roof lights on the principal elevation was slightly excessive however the overall design was unopposed. Since this response, amendments have been made to address this by reducing the number of roof lights from five to three.

Concerns were raised by the Heritage Team regarding the location of the proposed cartlodge, however the site meeting suggested that there may not be any viable options for reducing or removing the harm, either by moving the cartlodge closer into the farmstead group, or even further away, or locating the proposed uses in an existing structure, but further exploration of these options could be undertaken. Hence, we have provided a document justifying its proposed location: please see '5634_PA_05 Proposed Cartlodge Location'.

There were no concerns regarding the proposed area of hardstanding for vehicular turning.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
