Dear Sir/Madam,

Birka Carr Farm Risplith Ripon - Conversion of outbuilding to form overflow accommodation ancillary to main house, installation of solar panels to shed roof to the South of Birka Carr Farmhouse and existing septic tank replaced with sewage treatment plant

Thank you for consulting Yorkshire Water regarding the above proposed development. We have the following comments:

General

Based on the information submitted, no observation comments are required from Yorkshire Water. Consult the Environment Agency with regards to specification details regarding the new package sewage treatment plant system replacing the existing septic tank.

Yours faithfully

Jim McGlade
Development Control Agent
