

A021-010 Proposals at Hawkley Place, Hawkley, Liss, GU33 6LX

Soil Management Plan

The Proposal

Proposals include renovation works including internal and external alterations to the main dwelling, alterations including a single storey lean-to extension to the outbuilding and a new pool building.

The Site

The site (residential curtilage and paddocks) is approximately 21,870m². The property has a large extensively planted garden including a working fruit and vegetable garden and paddocks.

Soil management

Excavations for the small single storey extension to the outbuilding and pool house (footings and structural floors) will be relatively low scale with topsoil and subsoil to be re-distributed on the properties extension plot.
