To Whom it may concern,

**Re Planning Permission at Old Line Cottage, Ivors Lane, Hamsey, BN8 5TY**

We write with reference to the above and in support of Mr and Mrs Chubb's application to erect a single story extension to their home in order to build a fully equipped and adapted bedroom with cleaning facilities for their disabled daughter, Josie.

Since 2018, we have watched James and Charlotte tidy and update the house to its current condition. The recent extension is a welcome addition to the house and very much in keeping with the area.

James and Charlotte have discussed their proposed plans for the new extension with us and we support their application in every regard. With the extension they have in mind they are future proofing the family home and environment for them to stay as a family unit and ensuring Josie has the best possible quality of life.

We think it is admirable what James and Charlotte are trying to achieve for their family and vehemently support their planning application.

Yours sincerely
