Description of the Proposal	
Please note in regard to:	

- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- · Permission In Principle If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

This carefully considered conversion will provide a long-term sustainable use and future for the workshop. Such a prominent, dilapidated structure close to Hadrian's Wall is worthy of protection and Policies L1, L3, LC4 and LC8 addresses and supports the need for development to conserve this building's character and appearance, to retain its important relationship within the wider landscape. This proposal works with the buildings existing openings to create a viable conversion whilst retaining the building character. Enhancement is provided with the remodelling of the south face with two openings for light only and the east face to provide emergency exit for a bedroom, as well as the addition of Velux windows where previous glazed units already exist. Damaged stone walling will be renewed, and parking provided to area of land that already could be used as parking.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ⊙ No
