

EXISTING BLOCK PLAN | 1:500

PROPOSED BLOCK PLAN | 1:500

SITE LOCATION PLAN | 1:1250

NOTES

FOUL DRAINAGE

To connect to existing mains sewer.  
If this is unfeasible each dwelling is to be served by its own package treatment plant.

SURFACE WATER DRAINAGE

To go to individual soakaways; subject to the results of a percolation test.  
If infiltration is not possible, surface water to go to closest watercourse.

GROUND LEVELS

Existing ground levels to be unaffected.

FLOOR LEVELS

Finished floor levels to be as stated on the Block Plan.

EXISTING TREES

All works to be carried out in strict compliance with the Arboricultural Report and its appendices.

No trees to be removed or lopped unless stated within the report and agreed with the Local Authority Tree Officer.

PROPOSED TREES

Species shown to be agreed.

N/125/1121/22

The 2021 Local Nature Recovery Plan will be adopted by 2024.  
Landscape Design will provide a landscape plan to accompany the application.  
The plan will be subject to a public consultation period of 10 days.  
The plan will be subject to a public consultation period of 10 days.
