

Town and Country Planning Act 1990

Town and Country Planning (Development Management Procedure) (Wales) Order 2012 (as amended)

Application P/2016/0937 for OUTLINE Planning Permission

Agent:

Gwynfor Humphreys Chartered Surveyor
1 Church Street
Welshpool
Powys SY21 7LH

Applicant: Ms Katy Harris

In pursuance of its powers under the above-mentioned Act and Order Powys County Council (hereinafter called "the Council") as local planning authority hereby gives you notice that **OUTLINE Planning Permission** is **GRANTED** for the following development, namely:-

Erection of an affordable dwelling including new access and installation of sewerage treatment plant at land adjacent to Brynllwarch Garden, Pentre, Kerry

In accordance with the application submitted to the Council on 27/09/2016 with amended plans received on the 16/03/2017 subject to the conditions specified hereunder:-

1. Details of the layout, appearance, landscaping and scale, (hereinafter called "the reserved matters") shall be submitted to and approved in writing by the local planning authority before any development begins and the development shall be carried out as approved.
2. Any application for approval of the reserved matters shall be made to the local planning authority not later than three years from the date of this permission.
3. The development shall begin either before the expiration of five years from the date of this permission or before the expiration of two years from the date of approval of the last of the reserved matters to be approved, whichever is the later.
4. Prior to commencement of development the development shall not begin until a scheme for the provision of affordable housing as part of the development has been submitted to and approved in writing by the local planning authority. The affordable housing shall be provided in accordance with the approved scheme and shall meet the definition of affordable housing in Annex B of TAN 2 or any future guidance that replaces it. The scheme shall include:
 - i) the arrangements for the transfer of the affordable housing to an affordable housing provider or the management of the affordable housing;
 - ii) the arrangements to ensure that such provision is affordable for both first and subsequent occupiers of the affordable housing; and

iii) the occupancy criteria to be used for determining the identity of occupiers of the affordable housing and the means by which such occupancy criteria shall be enforced.

5. The affordable dwelling shall have a maximum gross floor area of 130 square metres (measured internally and including garages where designed as an integral part of the dwelling) and notwithstanding the provisions of schedule 2, part 1, classes A, B, C and E of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that order with or without modification), the affordable dwelling shall not be subject to extensions, roof alterations and buildings other than those expressly authorised by the reserved matters approval.

6. Upon the submission of the reserved matters referred to in conditions 1 and 2 above, plans detailing cross sections of the application site and finish floor levels of the dwelling provided must be submitted to the Local Planning Authority. The scheme must be implemented as approved.

7. An investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed in accordance with a scheme to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The contents of the scheme are subject to the approval in writing of the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons (a contaminated land specialist with proven experience within the contaminated land industry) and a written report of the findings must be produced. The written report is subject to the approval in writing of the Local Planning Authority. The report of the findings must include:

(i) a survey of the extent, scale and nature of contamination;

(ii) an assessment of the potential risks to:

- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,
- archaeological sites and ancient monuments;

(iii) an appraisal of remedial options, and proposal of the preferred option(s).

This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and the WLGA document 'Development of land affected by contamination: a guide for developers' 2012 .

Item (iii) above should not be submitted until written approval has been obtained from the Local Planning Authority for items (i) & (ii).

8. A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990, The Contaminated Land (Wales) Regulations 2001 in relation to the intended use of the land after remediation. The detailed remediation scheme should not be submitted until written approval for Condition 9 has been received from the Local Planning Authority.

9. The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.

Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority. The verification report contents must be agreed with the Local Planning Authority before commencement of the remediation scheme.

10. In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition 7, and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition 8, which is subject to the approval in writing of the Local Planning Authority.

Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition 9.

11. A monitoring and maintenance scheme to include monitoring the long-term effectiveness of the proposed remediation over a period of duration to be agreed in writing with the Local Planning Authority and the provision of reports on the same must be prepared, both of which are subject to the approval in writing of the Local Planning Authority.

Within six months following the completion of the measures identified in that scheme and the achievement of the remediation objectives, reports that demonstrate the effectiveness of the monitoring and maintenance carried out must be produced, and submitted to the Local Planning Authority.

This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

12. All construction works and ancillary operations which are audible at the site boundary shall be carried out only between the following hours: 0800 -1800 hrs Monday to Friday, 0800 – 1300 hrs on Saturdays and at no time on Sundays and Bank Holidays. Deliveries to and the removal of plant, equipment, machinery and waste from the site must also only take place within the permitted hours detailed above over the construction phase of development.

Reasons

1. To enable the Local Planning Authority to exercise proper control over the development in accordance with Section 92 of the Town and Country Planning Act 1990.
2. Required to be imposed by Section 92 of the Town and Country Planning Act 1990.
3. Required to be imposed by Section 92 of the Town and Country Planning Act 1990.
- 4 & 5. In order to ensure the provision of affordable housing in accordance with policies HP9 and HP10 of the Powys Unitary Development Plan (2010), Technical Advice Note 2 – Planning and Affordable Housing (2006) and Planning Policy Wales (2016).
6. To safeguard the character and appearance of the area in accordance with policy ENV2 of the Powys Unitary Development Plan.

7 to 11. To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with policy DC15 of the Powys Unitary Development Plan.

12. In the interests of amenity in accordance with policy GP1 of the Powys Unitary Development Plan (2010).

The date on which this permission is granted is 20/03/2017.
