Details of the pre-application advice received
"In this instance, the permission at Boldre War Memorial Hall seeks to provide a replacement facility, and therefore should an application for the change of use of the space to residential be made, it is likely it would be supported. It may be prudent to wait until the replacement facility has opened prior to making any such application, as at that point, it would be easy to demonstrate that a replacement facility has been provided."
Authority Employee/Member

It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
