Pre-application reference	Phone call only	
Date	10/03/2022	
Details of pre-application advice received	I phoned planning for some advice on 10 March 2022. I spoke to a very helpful person called James. As I want to simply knock down an old garage made of prefabricated concrete panels with an asbestos roof, and build a new and weather proof garage, I wanted to know if I even needed to apply for planning. My understanding from the conversation with James was that I did need to apply for planning, but it should be straight forward as I was simply replacing old with new in exactly the same position and with the same footprint. I believe there may be a consideration over height.
