

Proposed work to install solar panels

The Grange, Barking Tye, Ipswich, Suffolk, IP6 8HP

18 (approx) Solar panels fitted to a 2-storey outbuilding roof. Outbuilding constructed 30 meters from the dwelling from breeze blocks and pantile on the roof circ 1973. Solar panels will not be seen from the house, the road or neighbouring properties. Please see the map attached to see where the outbuilding is and the side of the roof to be used for the addition of solar panels.

We are currently obtaining quotes from various companies for the purchase and installation of solar panels.
