Dear Sir/Madam,

Re: Master Flynn Dollard, 7 Southway, Leamington Spa CV31 2PG

I am writing to advise you of Mr Dollard's medical conditions.

Master Dollard has Friedrieoh Ataxia. This means that he is only able to walk short distances on his tip toes and needs to use a wheelchair outdoors and needs to use one indoors when tired. Master Dollard will need to use a wheelchair full time in the future, as his condition deteriorates. Master Dollard needs to sleep on the ground floor of his home, however there are no ground floor bedroom or wetroom facilities currently in place.

Therefore creating bedroom space and wetroom facilities on the ground floor will help to manage Master Dollard's ongoing health needs. These facilities will improve Master Dollard's wellbeing and care management.

Therefore, considering the above information I wish to confirm that Master Dollard is disabled and therefore any application fees should be waived.
If you require any further information, then please do not hesitate to contact me on 02476 376 576.

Yours Sincerely

L Clements
