Details of the pre-application advice received

Omitting the existing attached outbuildings from both existing and proposed floor area calculations, the additional floor area would amount to around a 28% increase and therefore within policy restrictions. It would, however, be necessary to put a condition on the attached outbuildings to ensure that they remain as incidental to the use of the main house and are not converted to provide additional residential accommodation. The extensions themselves appear proportionate and sympathetic to the existing building, though, whilst the majority of the windows in the rear elevation reflect the existing in terms of size and design, I am concerned about the extent of the new patio doors which would be incongruous and out of keeping the the character and appearance of the cottage. A preferable solution would be for 2 sets of french doors, centred under the gables which would be more appropriate and would have the benefit of breaking up and reducing the extent of glazing on this elevation.

Render may be acceptable on the rear and side elevations providing the depth of the render is kept to a minimum.

The frontage of the building should remain as painted brick

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

- No

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
