

## **Construction Management Statement**

### **Bisterne Cottage, Southfield Lane. Burley, BH24 4AX**

This planning application is for permission to add rear ground and first floor extensions with new and existing side and rear walls to be rendered and painted. All materials are to match existing.

All materials and machinery (if required) to be used during construction works will be stored within the red line application site on the existing gravel driveway.

No storage of materials or machinery will be necessary or allowed outside of the site.

Materials and equipment will be delivered to the site as and when needed to minimize the amount of on-site storage required.

A skip placed in the drive will be used to remove the waste material from the site.
