Good Morning Oliver

Many thanks for the clarification. It looks like the tree is in the garden of 17 The Square, Fring.
As this differs from the address given on your application form, can you just confirm via email that this is correct?

Kind Regards

Good Afternoon Oliver

I have received your application to fell a pine tree within the Fring conservation area at Fring Hall.
I'm having some trouble confirming the location of the tree from the sketch map you've provided.

The road layout shown doesn't seem to match anything on our maps for the area.

However, based on my understanding of where the estate office is located, I have identified the tree below as the most likely candidate.

Please confirm if this is the tree in question, and if not please provide an updated map confirming the location of the tree.

Many thanks
