Existing building worksAn existing use, building work or activity in breach of a condition

If Yes, to either 'an existing use' or 'an existing use in breach of a condition', please select the relevant Use Class.
C3 - Dwellinghouses
Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. <u>View more details on Use Classes</u> .
Description of Existing Use, Building Works or Activity
Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates
The currently vacant building is being used as a residential unit (Use Class C3).
Previously, the unit was an ancillary structure to a house, which was demolished well over ten years ago. Since then, the building, which is on a site that has a C3 use class, was converted into and has been used as a residential unit.
Grounds for application for a Lawful Development Certificate
Under what grounds is the certificate being sought
 □ The use began more than 10 years before the date of this application □ The use, building works or activity in breach of condition began more than 10 years before the date of this application □ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
 ☑ The use as a single dwelling house began more than four years before the date of this application ☑ Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).
Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?
○ Yes⊙ No
Please state why a Lawful Development Certificate should be granted

The unit used to be an ancillary structure to a house. As a result of planning application 02/01380/FULL, the main house was demolished (this was noted in 2009 by the Planning Officer dealing with planning application 09/00441/FULL). The detached structure, which is on a site that has a C3 use class, was subsequently converted into a residential unit (at which point the owner started to live in it) and has been used as a residential unit since.

Given that the building works were completed well over four years before the date of this application (please refer to building control application 02/01017/BN and to the Signed Confirmation Document) and that the use began in 2013, we believe that the Lawful Development Certificate should be granted.

It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority. Do any of the above statements apply? Yes No
