Existing and Proposed Uses

Please describe the current use: * (Max 500 characters)

The current use is a small area of grass in the garden which is not being used. We feel the proportion of grass we want to build on is insignificant to the rest of the garden and is quite hidden. There are shrubs, tree's and garden paths that circle the area in which none will be impacted and in fact kept as to keep the cabin 'hidden' in a way.

Please describe the proposed use: * (Max 500 characters)

The proposed use is for private social gatherings with family and family only. We would like to use our garden all year round and this would help us to do so by creating a warm and dry area for the family to enjoy whilst still being outside.

We are hoping to enhance the garden by adding this BBQ Cabin and feel it is in keeping with the surroundings being made of beautifully aged wood. The cabin will mainly be hidden by foliage and tree's near the boundary which consists of thick hedging. The sole purpose is for personal use and allowing us to use the garden all year round. We opted for one of the smaller Cabins as they can go up to almost double in size. The extension of this particular cabin is in keeping with the garden space.
