Eligibility
Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.
The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.
The questions below will help determine if the proposals are eligible for this permitted development right.
The current building and site
Has the building been vacant for a continuous period of at least 3 months immediately prior to the date of this application?
✓ Yes○ No
Has the use of the building, for a continuous period of at least 2 years immediately prior to the date of this application, been any of the following: • For periods prior to 1 September 2020 • Shops (Use Class A1); • Financial and professional services (Use Class A2); • Food and drink (Use Class A3) • Business (Use Class B1); • Medical or health services • Non-residential institutions (Use Class D1(a)); • Crèche, day nursery or day centre • Non-residential institutions (Use Class D1(b)); • Indoor and outdoor sports • Assembly and leisure (Use Class D2(e)), other than an indoor swimming pool or skating rink; • For periods from 1 September 2020 • Commercial, Business and Service (Use Class E) ② Yes ③ No Does the cumulative floor space of the existing building exceed 1,500 square metres? ④ Yes ④ No

 a listed building or land within its curtilage; a scheduled monument or land within its curtilage; a safety hazard area; a military explosives storage area; Or, is the building: in an area of outstanding natural beauty; in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside; in the Broads; in a National Park; in a World Heritage Site Yes No
The proposed change of use
For applications, submitted before 1 August 2022, proposing a change of use to Dwellinghouses from Offices (Use Class B1(a)/E(g)(i)). Is/Was there an Article 4 direction in place that has removed these specific permitted development rights? Yes No / Not relevant
Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the <u>nationally described space standard?</u> Yes
Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse? Yes No
Agricultural tenants
To be eligible for this permitted development right, all parties to any agricultural tenacy agreements that are currently in place need to provide
consent.
consent.
Consent. This is to help ensure that agricultural tenants are not displaced to allow a change of use to be carried out. Is any part of the land covered by or within the curtilage of the building to be demolished occupied under any agricultural tenancy agreements? Yes No

Would the proposed development result in a building that contains one or more dwellinghouse, and is: • 18 metres or more in height (as measured from ground level to the highest part of the roof); and/or • Contains 7 or more stories ○ Yes

Is any land covered by, or within the curtilage of, the building:

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

Conversion of the existing ground floor commercial premises (Class E, 2 offices) at 21 Middle Street, to residential accommodation (Class C3, 2 flats), under permitted development rights (Class MA). The proposed scheme is for internal alterations only.

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

All habitable rooms will have sufficient window openings to allow for natural light (please refer to submitted plans and elevations).

What will be the net increase in dwellinghouses?

2

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated, particularly to ensure safe site access

The building is in a highly sustainable public transport location, with the train station and bus stops, located a short walk away. We propose use of an unused area outside the rear of the building within the overall Avalon development to allow access and positioning of a new cycle shelter, with capacity for 6 bikes to be locked up, using fixed Sheffield stands.

Please provide details of any contamination risks and how these will be mitigated

The building was purpose built as offices and flats and proposed works will not disturb existing ground conditions. The risk of contamination is therefore considered low.

Please provide details of any flooding risks and how these will be mitigated.

Flood maps show the area is not subject to flood (risk zone 1 for sea and river flooding).

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency). Check if your site location is in Flood Zone 2 or 3 online

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

Middle Street has a mix of residential and commercial premises, therefore ongoing commercial and residential use, within the area, is already impacted by nearby dwellings and commercial buildings and any impact will therefore not be increased, by the presence of new residential accommodation.

If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floor. Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and how these will be mitigated

The building is located within the Old Town Conservation Area. The change of use from commercial to residential to the ground floor at 21 Middle Street will not impact on the character of the area. As Middle Street already has a mix of types of commercial development and residential accommodation.
