## DR MAIR & PARTNERS

12/08/2022

**Re: Lesley King**  
**DOB: 31/10/47**  
**Address: 60 Shieldhall Road, Glasgow, G51 4UP**

To whom it may concern,

Mrs King has been a patient at our practice since 2016.

She has a background of; chronic kidney disease, type 2 diabetes, high blood pressure, depression and chronic pain from arthritis and sciatica.

Mrs King has had both knees replaced (2007 and 2013) however still experiences significant knee pain and instability. This causes safety issues with stairs particularly and restricts the amount of she is able to stand, which limits cooking due to space constraints in the current kitchen.

Currently Mrs King lives with her daughter and son in law who are both working for home and are using their bedroom for this purpose. Due to continence issues Mrs King needs access to the bathroom overnight. Unfortunately this is frequently occupied by other occupants of the house due to their health issues.

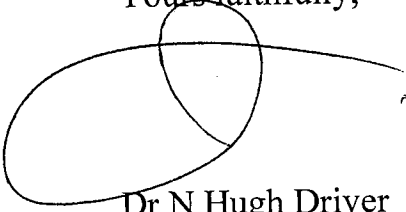

The family are proposing enlarging their kitchen to enable Mrs King to cook more easily and adding a downstairs bathroom, bedroom and a small area which will be a dedicated crafting space. Mrs King enjoys gardening and the family are planning to build a ramp to the rear of the house to enable access to the garden.

The family hope the proposed changes will improve the wellbeing of Mrs King and the mental health of all occupants given they are all at home during the day and currently have to work around space limitations and be mindful of noise.

.....

I'd be grateful if you could take the above into consideration when assessing the planning application.

Yours faithfully,

A handwritten signature in black ink, consisting of a large, loopy 'D' followed by 'r N Hugh Driver'.
