

Safety, Health and Environmental Information
Notes below are additional to hazards/risks normally associated with this type of work:

Construction

1. Full buried services check in accordance with Network Rail procedures to be completed prior to excavation.
2. To be read in conjunction with Highways and Drainage Stage C Preliminary Design Report for RS2RHY.
3. Further Development in Stage E

Operations

1. To be read in conjunction with Highways and Drainage Stage C Preliminary Design Report for RS2RHY.
2. Further Development in Stage E

Maintenance

1. To be read in conjunction with Highways and Drainage Stage C Preliminary Design Report for RS2RHY.
2. Further Development in Stage E

Dismantling/Demolition (Future)

1. To be read in conjunction with Highways and Drainage Stage C Preliminary Design Report for RS2RHY.
2. Further Development in Stage E

These notes are based on the use of experienced and competent contractors carrying out the work using an approved safe method of working.

General Notes

1. Drawing to be read in conjunction with all other highways and drainage drawings submitted as part of Stage C for RS2RHY.
2. Replace a tree for every tree cut down as part of the bio-diversity plan.

Staff Car Park
 Parking Bays (2.6m x 4.8m): 28 (2 allocated for EV charging)
 Disabled Bays (3.61m x 4.8m): 2 (2 allocated for EV charging)
 Motorcycle Bays (1.3 x 2.8m): 3

Public Car Park
 Parking Bays (2.6m x 4.8m): 48 (4 allocated for EV charging)
 Disabled Bays (4.0m x 6.0m): 3 (1 allocated for EV charging)
 Motorcycle Bays (1.2 x 2.8m): 3

KEY

EXISTING

- Carriageway
- Block Paving
- Build-out / Footway
- Existing Road Markings

NEW or IMPROVED

- Carriageway (CW1)
- Block paving (Permeable)
- Build-out / Footway (FW1)
- Road Markings (White)
- Road Markings (Yellow)
- Embankment 1:2 max
- Fencing
- Access Gate
- Vehicle Restraint System
- Bollards
- EV Charging Point
- Cycle Stand
- Kerbs
