Dear Development Management,

3No. flats at Stirling Spiritualist Church, 27 King Street, Stirling - 22/00008/FUL

Further to the submission of the Section 42 application I can confirm that the bin and cycle store will now be wholly within the existing storage area of the existing building as indicated on the Proposed Layouts drawing.

No part of the proposed works will therefore take place to the rear of the building.

I trust the above to be meet your requirements and allows the application to progress.

Yours sincerely

Barry Sturrock BSc (Hons) ACABE
