Hi

This is a follow up message to this mornings phone call.

I'm the tree surgeon helping Jill at poachers lodge with her tree cutting.

I believe the work we've applied consent for has no long term detrimental effects on the trees.

The Holm Oak definitely needs weight taking off the leaning trunk .

Removing the sycamore will give extra light to a few baby yew trees that are growing close by ..

And the small Beech Trees only need a side up ...

Hope this is enough information for proceeding with the application...

Regards

Freddie Blackford
