Dear Sirs

Re: 38 School Lane, Great Hamden

Please find attached a Listed Building and Householder Application for extension works to 38 School Lane, Great Hamden, HP16 9RJ, together with supporting information in respect of the application.

Advice has been sought in respect of the application (your Reference P122/00186/PADS) in the form of a written response provided by Sarah Oborn and subsequent discussions with Fiona Webb (Heritage Consultant) over the final design which has resulted in the plans which are now submitted. The key elements requested by Council's Heritage Consultants were that rather than an extension fully attached to the existing property, they would prefer to see an extension with a glazed link and that the extension took the form of a reasonable sized barn/cartshed, and that it was of a size larger enough to reflect this and not appear as a small suburban building.

If you require any further information in respect of the application, please do not hesitate to contact us.

Yours sincerely

R Wyndham-Smith
F J Thompson & Co
