***** Good morning Alex, I've discussed this with my husband who had the conversation with the builder. We would like to only rebuild what's necessary, possibly the top 4/5 courses. However, if we find that more courses will need to be rebuild in order to make the chimney safe, then we would like to do so. For that reason, we would like the consent for a full rebuild. Many thanks and kind regards, Melanie [REDACTED]

Based on the submitted Heritage Design and Access statement, I would interpret the works as being a total rebuild of the exposed chimney stack. Could you confirm this is correct?
