Details of the pre-application advice received

During pre-app meeting, advised that no significant changes have been made to planning policy since the scheme was previously submitted and granted outline approval, therefore the same proposals can be resubmitted. Following the pre-application meeting, Mahsa Kavyani advised by email that the 'the general layout, design and scale of the proposal are suitable, I would only suggest that plots 1 & 10 are pushed slightly back from the access to allow for better amenity for the future occupiers as they are currently too close to the main access onto the site.' This advice has been reflected in the submitted block plan. Please see submitted DAS for the full planning history of this site and proposal.

- (a) a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
