Details of the pre-application advice received
Please refer to the full pre-application response, In summary the proposal was not supported in the form then proposed, but the option for the addition to the former farmhouse is an acceptable one. The area and location identified for linking and breaking through the fabric also makes sense in terms of general principles and reducing impact. The side extension to the proposed addition should be removed (as now put forward with this July 2022 application). The conservation teams response focused on the proposed extension rather than the limited works to the listed building.
