## Tree Work Application Site Plan, Schedule and Photos

- Work to a trees subject to TPO B132Q - TPO Burnley (Slade Lane, Padiham) 1984
- Trees growing at 38 Slade Lane, Padiham, BB12 9AA
- Applicant - Mr Nuttall, 38 Slade Lane, Padiham, BB12 9AA
- Agent – Ross Cannon, 8 Parkway, Steeton, BD20 6SX
- 

Tree No.	Type	Work	Reason
T1	Ash	Remove	Considered in irreversible decline consistent with 'ash dieback disease' Canopy condition Class 3 – 4 as per - <a href="https://treecouncil.org.uk/what-we-do/science-and-research/ash-dieback/public-guidance/">https://treecouncil.org.uk/what-we-do/science-and-research/ash-dieback/public-guidance/</a> High target adjacent – highway, footpath, car parking
T2	Elm	Remove	Currently suppressed under T1, would make sense to remove at same time as T1
G3	4 x Hawthorn	Reduce canopy height from current 5.5m to 4m, sever ivy at base	Trees now 'top heavy' whole group needs formative prune post removal of T1 and T2
T4	Hazel	Reduce canopy height from current 7m to 3m	Outgrowing location, obscuring driveway

Tree location labelled approximately below. North top of map

Photos below

Grey – Hazel (T4), Blue circles – Hawthorn (G3), yellow arrow – Elm (T2)

Below Ash T1 – canopy dieback July 2022.
