* - If you have ticked 'no' to all 1b questions a Wildlife Report will not be required if the LPA confirms in writing that it is reasonably certain that there will be no impact on protected or priority habitats and species.

** - to find out if your site is in, or near, a designated site look on <http://gis.devon.gov.uk/basedata/viewer.asp?DCCService=greeninfra>, or ask the LPA or Devon Biodiversity Records Centre www.dbr.org.uk (there will be a small charge). For County Geological Sites (RIGS) see also www.devonrigs.org.uk/07DevonSites.html

IMPORTANT.....

- If detailed protected species surveys are required these **MUST** be included with your planning application. The application cannot be validated without them. They cannot be conditioned.
- Some surveys can only be undertaken at certain times of year. It is essential that these are timetabled into your project plan in order to avoid wasting time and money. A survey calendar can be found at http://www.naturalengland.org.uk/Images/WhentosurveyFINAL_tcm6-21620.pdf
- All details of avoidance, mitigation, compensation and enhancement actions **MUST** also be included with your application. It is very likely that any planning permission will be conditional on these being implemented.
