Morning

Had a few days away since your email, this is a response to Mr Pegg the person doing the work

The required approximate measurements are

The lowest 2 branches are 2.3 m from the ground .spread approximately 8 m

And are approx 2.5 m from the church

A reduction of 2.m would give a remained 6 m spread and 4.5 m clearance from the church

Is this email ok or do I need to load it somewhere?

Robert
