Proposal INSTALL CONSERVATORY TO THE REAR OF THE PROPERTY

Conservation Area GLANTON CONSERVATION AREA

USE: Anglian Home Improvements have been contracted to install a

conservatory at the rear of the above-named property.

SCALE: For sizes see CAD drawings.

LANDSCAPING: We will not be required to remove or cut back and hedges or trees on the

site. Our proposal will not affect the amenities of the site or the

surrounding area.

APPEARANCE/SPEC: The conservatory will provide better weather proofing and thermal

efficiency and therefore will protect the internal and external fabric of the

property.

ACCESS: Access to the property for installation shall be made through the existing

access points. All materials shall be kept within the property boundary

during installation.

RECYCLING & ENVIRONMENT:

Project green has been set up by Anglian Home Improvements to bring awareness to environmental issues. A panel of people within the company, "green champions", represent all areas of the business, looking for ways to save energy, emissions & money.

Anglian is the industry leader and many of our customers are very aware of environmental issues – they not only expect our products to give good insulation, they want to know they are produced in an environmentally-friendly way by a company that cares.
